Abstract

The abstract, consisting of 400 to 600 words, may be written in French or in English. It may contain formulas, graphs, and illustrations.

The Times New Roman 12 pt font must be used.

It must be submitted via the online platform (after creating an account); the deadline for abstract submission is April 30, 2026.

The abstract must follow the organization below:

Keywords: *4 to 5 relevant keywords*

1. Introduction

The introduction presents the context of the study, the objectives of the work, and the current state of knowledge and/or developments.

2. Developed work and main results

The authors present the hypotheses, the work carried out, and the main results obtained. They should emphasize the originality of the work and the scientific and technical contributions of the study.

3. Conclusion

The conclusion highlights the main strengths and future perspectives of the study.

4. References

The main bibliographic references should be listed (2 to 6 references).
